MOTOR INSURANCE IN COVID19 TIME

In the present moment we observe: a reduction in the use of cars with a problem of a payment of premiums for a greatly reduced risk of motor liability; the implementation of the circulation of other vehicles such as bicycles and drones; the problem of privacy and data protection in the current phases in which the distribution of insurance products takes place mainly online, even where there is an insurance intermediary.

Chairs

Peggy Sharon | President of Aida World

Sara Landini | University of Florence

Drones' Insurance

Katarzyna Malinowska | University Konzminski Warsaw

Implications of COVID-19 on payment of premium

Ilan Kahner | Kaner Law Firm Tel Aviv

Some consideration on the present Motor Insurance and Motor liability

Less accidents...but severe damage...

Amalia Cotti | Aida Sardegna

Privacy and distribution of motor insurance in Covid19 time

Maria Gagliardi | Scuola Superiore Sant'Anna Pisa

Motor Insurance Working Party

Aida World | Department of legal science University of Florence
